No problem. Thanks for the timely response. You can imagine that any interest from the public will raise management oversight.

Yes – the Phase I report was submitted in 2013. I went ahead an electronic copy that you can disregard.

Erich,

Attached is the April 2016 document that was prepared to document the investigation work at WVSU, adjacent to the Institute facility. There was a Phase I report that was prepared as well and I will send it in the separate email. Please let me know if you have questions.
